Sindhi, Bengali and Punjabi are the languages, which are rich in their literature. These are the descendants of Indo Aryan family of languages. In their own state the language is taught and learnt. However, it always happens that people from other states come to Maharashtra for their own reason, like industrial development, transfer in services, in search of job etc. In such situations they have to learn the state language in order to mix with the people. At the same time, they are keeping in touch their mother-tongue and the parents want their children to learn the same. The Maharashtra State Board of Secondary and Higher Secondary Education have provided the facility necessary to learn such languages. The syllabi of Sindhi, Bengali and Punjabi are presented in continuation of the syllabi of Secondary Level in order to cope with the higher studies of these languages.
